Two Distinct Fire Rates Provide Effective Heat Control
Resulting in Fuel Savings

- Two stage technology produces a comfortable heat pattern provided by the ability to fire at two distinct rates
- External LED burner status lights indicating high or low operation
- Durable components provide reliable long lasting performance
- Flexible layout options included both L- and U-tube configurations along a broad range of burner sizes and tube lengths
- Clean, quiet draft-free comfort
**Clearances B, C and D can be reduced by 50% for locations 25 ft (7 m) or more downstream of the burner. For other mounting options and associated clearances, complete installation, operation and service criteria, please see the current issue of the Installation, Operation and Service Manual.**
