Industrial Refrigeration Equipment Partners (IREP) Joins Phoenix Air Systems Representative Network

Carrying Hygienic Air Handlers for Food & Beverage Processing Facilities

Owatonna, MN—Phoenix Air Systems announces Industrial Refrigeration Equipment Partners (IREP) of Seattle, Washington as the company’s new representative covering Alaska, Arizona, California, Hawaii, Idaho, Montana, Nevada, Oregon, Utah, Washington, and Wyoming. IREP will also represent Phoenix Air Systems in the Canadian provinces of Alberta, British Columbia, Manitoba, and Saskatchewan.

“With their extensive experience in industrial refrigeration, IREP serves our valued food and beverage processing customers and furthers our mission to make food processing environments safer, healthier and more productive” said Kevin P. Mahoney, Vice President of Sales at Specified Air Solutions/Phoenix Air Systems.

Industrial Refrigeration Equipment Partners will carry Phoenix Air Systems’ line of hygienic air handlers, which supply sanitary, filtered room air, cooling, humidity control and positive room pressure in food processing spaces. The company will also carry Phoenix Air Systems’ penthouse refrigeration units and air diffusers.

“Industrial Refrigeration Equipment Partners, with Phoenix Air Systems, is focused on helping customers identify the best possible design and selection for all of their Industrial/Commercial Refrigeration equipment, valves, and controls,” said Jose Hernández-Cruz, Co-Owner at Industrial Refrigeration Equipment Partners (IREP).

Phoenix Air Systems’ hygienic air handlers control air delivered to processing, packaging, and storage areas in food production plants. This equipment safeguards indoor air quality, not only for employee health, but to ensure the integrity of our food supply. Phoenix Air Systems is a brand of Specified Air Solutions, an enterprise of Madison Industries, one of the world’s largest, privately held companies committed to making the world safer, healthier, and more productive through leadership and innovation.
